Re: Paul Roberts

Dear Doctor:

Dr. Frank Butler has just examined the films on the case of Paul Roberts and reports as follows:

"Two sets of radiographs of the lumbar spine fail to reveal any evidence of bone injury. There is a partial sacralization of the fifth lumbar, otherwise bones all appear normal."

Re: W. R. Campbell

Dear Friends:

With reference to the private room charge for the above patient, we have not yet had a report from the attending doctor but if, in the doctor's opinion, Mr. Campbell's

condition was of such a critical nature as to require private room, this is your authorization but not to exceed the critical period of his illness.
